

# LIBRARIANS & MEDIA SPECIALISTS:

NBC Learn makes thousands of video, text, image, and current events resources available instantly!

Access to up-to date, authoritative media prepared for learners and educators to extend and express their knowledge!

- Over 10,000 historic and current events videos, primary source documents, articles, images and more!
- Resources aligned to K-12 state standards and mapped to curriculum.
- Prepared by NBC News professionals to engage information consumers and provide an even-handed perspective of current and historic new events.
- Complete transcripts make the content searchable and more easily accessed by educators and students.
- Stimulates and supports active learning and critical thinking with rich content and interactive tools for organizing, sharing, note-taking and more!

## A SAMPLE OF OUR FEATURED COLLECTIONS

### WRITERS SPEAK

Drawn from thousands of author interviews, this unique collection features fiction and non-fiction writers discussing the art and craft of writing in their own words.

### NBC LEARN MINI-DOCUMENTARIES

A collection of hundreds of mini-documentaries (2 to 6 minutes) focusing on Early American history, economics, culture, and political cartoons.

### FINISHING THE DREAM: LEARNING FROM THE CIVIL RIGHTS ERA

In partnership with the W.K.Kellogg Foundation, NBC Learn brings the Civil Rights era to life with over one hundred stirring clips from the rich archives of NBC News.

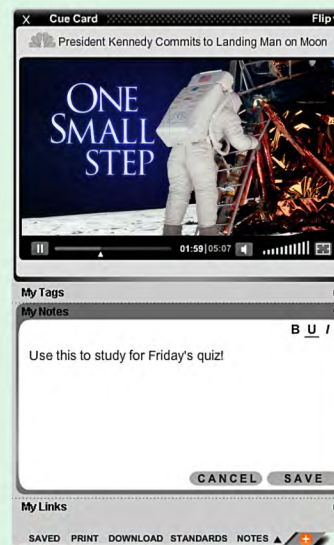

### SCIENCE OF THE OLYMPIC WINTER GAMES

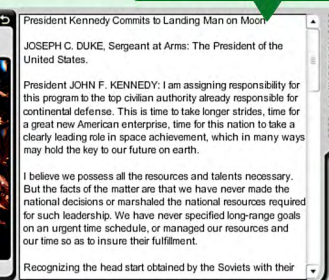

In cooperation with the National Science Foundation, NBC Learn explores the physics, biology, chemistry, and math behind the winter games.

# NBC Learn Supports AASL Standards for the 21st Century Learner

The revolutionary Cue Card media player and the vast archive of videos and primary source documents support the AASL Standards for the 21st Century Learner

## ▲ AASL STANDARD: Inquire, think critically, and gain knowledge.

**Skills:** NBC Learn provides a rich array of real-life media sources from which students may choose, with clear identification of source information to support student source evaluation skills.

**Dispositions in Action:** The variety of media available to students, the linkages between related fields, and the multiple search methods support student initiative, critical stance, and flexibility.

**Responsibilities:** Cue Cards enable teachers and students to mine information while respecting copyright and also providing a unique, easy media sharing capability.

**Self-Assessment Strategies:** Cue Card note-taking and playlist capabilities enable students to monitor their findings as they research and share with teachers and peers to gain help as needed.

## ▲ AASL STANDARD: Draw conclusions, make informed decisions, apply knowledge to new situations, and create new knowledge.

**Skills:** The breadth of media, simplicity and power of the search capabilities, and playlist, transcript, and note-taking functions support student skill development in analysis, synthesis, evaluation, and organization.

**Dispositions in Action:** Students, with teacher guidance, can seek alternative views in the media, and can easily integrate media in presentations and homework.

**Responsibilities:** Connecting media learning with the real world is natural given the news format of most content. Multiple viewpoints reflected in the news provide students practice in evaluating information and making ethical and editorial decisions.

**Self-Assessment Strategies:** Flexible use of media, Cue Cards, and playlists assists students in learning to continuously accept, reject, and modify their conclusions.

## ▲ AASL STANDARD: Share knowledge and participate ethically and productively as members of our democratic society.

**Skills:** The NBC Learn platform enables students to develop the skills to perform research and to share their findings in multiple ways, using technology, information tools, connecting to community, and using technology ethically.

**Dispositions in Action:** NBC Learn resources fit into teacher guidance in student collaborative work and presentations.

**Responsibilities:** Students have the opportunity to represent and to respect diverse ideas, to use ideas in group conversations, and to share media and ideas beyond the immediate classroom community.

**Self-Assessment Strategies:** The tools provided to students support assessment of development process and quality of learning product as well as group collaboration skills.

## ▲ AASL STANDARD: Pursue personal and aesthetic growth.

**Skills:** The archive supports personal student skill development in exploration of resources in multiple media.

**Dispositions in Action:** NBC Learn provides the opportunity for students to explore and show openness to new ideas and divergent opinions using the content and search capabilities, inside and outside school.

**Responsibilities:** Students utilize the media and platform to develop social exchange skills, define the aesthetics of their presentations, and practice electronic communication responsibly.

**Self-Assessment Strategies:** Students identify interests and knowledge assets, interpreting new information using the context of multiple media segments and cultural views.
